NOTES TO FINANCIAL STATEMENTS

December 31, 2000

NOTE A - ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING  
POLICIES

Westfield Senior Citizen Urban Renewal Partnership, L.P., (the "partnership") was formed in December 1993 to construct and operate 130 apartment units providing affordable housing to low-income senior citizens. The project is located in Westfield, New Jersey and was placed in service on October 19, 1995.

The general partner of the partnership is Second Westfield Senior Citizens Housing Corporation (Westfield II), a New Jersey not-for-profit corporation organized for the purpose of operating the project. The project is on land adjacent to a low- and moderate-income senior citizen project which has been in existence since 1978 and which is operated by Westfield Senior Citizens Housing Corp. (Westfield I). Both projects are situated on property owned by the Town of Westfield. Although Westfield I and Westfield II are not under common control, they do cooperate closely, and Westfield I advances funds for some partnership expenditures, for which it is repaid on a current basis. They share costs of various activities and Westfield I acts as manager of the partnership as described in note E. In addition, Westfield I has made a mortgage loan to the partnership in the amount of \$5,200,000, as described in note D.

The project has qualified and been allocated low-income housing credits pursuant to Internal Revenue Code Section 42 ("Section 42") which regulates the use of the project as to occupant eligibility and unit gross rent, among other requirements. The project must meet the provisions of these regulations during each of 15 consecutive years in order to remain qualified to receive the credits. In addition, the partnership has executed a Deed of Easement and Restrictive Covenant for Extended Low-Income Occupancy which requires the utilization of the project pursuant to Section 42 for a minimum of 30 years, even if the partnership disposes of the project.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

NOTE A - ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING  
POLICIES (Continued)

Rental Property

Rental property is carried at cost. Depreciation is provided for in amounts sufficient to relate the cost of depreciable assets to operations over their estimated service lives using straight-line and accelerated methods.

Amortization

Financing costs are amortized over the term of the first mortgage using the straight-line method.

Rental Income

Rental income is recognized as rentals become due. Rental payments received in advance are deferred until earned. All leases between the partnership and tenants of the property are operating leases.

Income Taxes

No provision or benefit for income taxes has been included in these financial statements since taxable income or loss passes through to, and is reportable by, the partners individually.

Cash Equivalents

For purposes of the statement of cash flows, the partnership considers all money market accounts to be cash equivalents.

Certificates of Deposit

The partnership has invested in certificates of deposit (CD's) which are classified as held to maturity and are carried at amortized cost which approximates fair value. These CD's bear interest at various rates ranging from 4.9% to 7.0% and mature from February 5, 2001 to April 16, 2002.
